Lunch on Grounds.

Cattle can be inspected Thursday,

November 18, at Fairgrounds.

F. W. Hubbell, owner.

Chas. Garden, manager.

Cecil Garden and Jack Jones, herdsmen.

General Information

TIME AND LOCATION

The sale will be held in the Sale Pavilion at the Iowa State Fairgrounds, DES MOINES, IOWA, FRIDAY, NOVEMBER 19, 1954. Due to the large number to be sold, the sale will start promptly at 12 o'clock noon.

TRANSPORTATION

Intersecting roads make Des Moines easy to reach by paved highways from all sections of Iowa and adjoining states. There are convenient railroad connections from any direction, Des Moines being on the main line of the Rock Island, Great Western and Milwaukee. Ask your ticket agent, or drop us a line and we will get the information for you. There is bus service any hour of the day or night. Air service out of Des Moines for those who wish to travel by air is most convenient.

GUARANTEE

This being a complete dispersion sale, the cattle will be sold without any guarantee. However, all questionable females have been examined by a competent veterinarian and sold to the butcher. Any known defects will be announced sale day, along with recent breeding dates. Registration papers and applications for calves at foot or in dam will be furnished soon after the sale.

HEALTH

This is one of the oldest federally accredited herds for T. B. in the State. All of the females have been pre-tested clean for Bangs and vaccinated. All females old enough will have passed a negative Bangs test within 30 days prior to the sale so they can be shipped into any state. Health certificates will be furnished with each lot sold.

TERMS

The terms of the sale are cash. Settlement must be made with the clerk of the sale before any cattle are removed from the barn. All stock are at buyers risk as soon as bid off. However, every precaution will be taken for their safety, and the management will attend to loading on cars and trucks in compliance with instructions from purchasers.

LUNCH WILL BE SERVED ON THE GROUNDS

MAIL BIDS

Bids may be sent in care of Helfred Farms, Route 6, Des Moines, to any of the fieldmen or auctioneers: Jack Halsey, auctioneer; Albert Hamann, Shorthorn World; Veryl Jones, Corn Belt Dailies; Clem Larson, American Shorthorn Breeders Assn.; Allan Atlason, Secretary American Shorthorn Breeders Assn.

Any Information Regarding the cattle write to Chas. Garden C/O Helfred Farms, Des Moines, Iowa, RR 6.

Auctioneer, Jack Halsey.

Hotel Kirkwood, Sale Headquarters.

To My Shorthorn Friends

The decision to announce my retirement from the breeding of Shorthorn Cattle was not an easy one. It is with a mingled feeling of regret and satisfaction that I am offering this herd for sale. Regret because in the course of years a man becomes attached to the succeeding generations of cattle that comprise the herd. Satisfaction because I feel that progress has been made and the herd is now at the peak of its production.

For over a quarter of a century we have tried to develop and produce here at Helfred Farms a type of Shorthorn that would meet the approval of both the breeder and commercial producer of beef. We are happy this policy has been accepted by the recognition we have received from the many repeat customers who come back year after year to buy their seed stock.

The foundation females were carefully selected for their type and popular bloodlines from the outstanding breeding establishments throughout the country, with selected blood lines being bought as the herd progressed, to add prestige and quality. The same care was exercised in the selection of herd bulls to use on those females, with the result that we had the honor of producing a number of International Grand Champion Bulls and Females, proving to us we had built on the right foundation.

After the cattle are sold, I shall not lose my interest in Shorthorn Cattle, but will do all I can to promote what I firmly believe is the finest breed of beef cattle, and sincerely hope wherever they may go they will prove as satisfactory to their new owners as they have been to me.

Sincerely,

F. W. Hubbell

The Veterinarian's Observations

On a brisk cold evening in November 1929, came my first call to visit Helfred Farms and assist in the arrival of a sturdy son of the Grand Champion, Collynie Clipper Star. There followed the privilege of observing the herd in all phases of Veterinary work, from the time it comprised only a few cows until the present time.

There were the successive calf crops from Sni Bar Golden Ring, Fascinator (noted for his famous daughters), Brae Lodge Headlight, Edelyn Royal Leader 41st, Sunray and his strong sons and daughters, Bapton Major, Corrimony Emperor, Killearn Conquest, 28th and Helfred Emperor 30th. What a list of champions and grand champions!

There were Charlie Garden's years of management, selection and culling—and the blue ribbons won.

There was the vitality of the individuals—their seeming determination and usual recovery from the occasional pneumonias, impactions, etc. and the complete absence of bad eyes and lump jaws.

There was the average annual calf crop of 85% or more and always the even disposition of the cattle. I have never known a cross bull in the herd and only one flighty cow.

The annual T. B. test was given regularly on the dot. The Federal accredited herd certificate #245605 issued 25 years ago was held continuously. The pre-test and vaccination of each heifer for brucellosis before eight months of age has been routine practice at Helfred Farms for many years.

The integrity of the farm operation is well illustrated by the incident of the well-insured cow, killed by lightning—Mr. Hubbell's firm instructions, "If you have the least doubt Doc, don't report this as a case of lightning."

The word "sanitation" brings to mind Ralph Filman and the big gray team with the manure loads each morning cleaning out barns and lots and one remembers Cecil Garden, Jack Jones, and Bert Thompson for their excellent co-operation in all of the handling operations necessary for the health and development of the herd.

Dr. J. W. Winters, DVS

Selectivity Has Proven Its Worth

Helfred Farms Shorthorn herd was founded in 1927 by the purchase of top females from many of the leading herds in the United States and Canada. These females, which were purchased because of their blood lines and individuality, regardless of price, have gone on and produced first prize winners and champions at all the leading national and international shows. They have also established great producing families in the herd, such as Augusta, Countess, Missies, Nonpareil, Rosewood, Venus and Verbena. Progeny from these families have produced state and national show champion bulls and females.

Proof of the uniformity of the calves produced in the herd was best summarized by the winning of the Best Ten Head Group for five consecutive years at the American Royal and International. This distinction few breeders have been able to achieve.

The selection of herd bulls was equally studied for individuality, type, character and easy feeding qualities. This was done to conform to our program of producing cattle that would meet the approval of the breeder and commercial producer. The country-wide acclaim Helfred Farms Shorthorns have received from the best breeders and commercial ranchmen make us feel we have been producing the right kind of seed stock to supply their demand. These breeders and ranchmen have produced many winners and have set record prices at public livestock markets.

The herd is at its highest level of production, with all the females having a bright future ahead. This sale is a great opportunity to secure constructively bred cattle that will build improvement within the herds into which they will go. These cattle have won and retained the approval of the public. They will win recognition for the breeder who has the foresight and understanding to buy them. Consider also, that in buying these females, you are securing the seed stock that has made it possible for this herd to become one of the outstanding cow herds of the breed. This offering will be the buyers opportunity to shorten his road to success.

Chas. Garden

Among Friends

There are many advantages in Shorthorn production as we all know. In my opinion the Helfred Farms have promoted the fine qualities of the breed as well as anyone associated with the industry. Through the personal integrity and good judgment of Mr. Fred Hubbell and his associates, Helfred Farms have advanced the standing of Shorthorn cattle as a whole throughout the United States.

Helfred Farms has set the pattern for better Shorthorns for more than a quarter of a century. Their cattle are of the highest type and of the best and most popular blood lines. Through the years they have been constantly on the alert for the more select pedigrees and thus, adding more prestige and greater quality to their already famous herd. Their cattle, both females and bulls, have an enviable reputation everywhere. They have won honors on numerous occasions in district and state shows as well as a number of International grand championships.

Yes, my friends, Helfred Farms is one of those nationally famous establishments having the true "know how." They have made a great name. Thus, as Helfred Farms retire from Shorthorn production it does offer an exceptional advantage to everyone interested in Shorthorns as well as commercial breeders, to obtain some of this really famous seed stock. Their herd is on the highest level of production. All females are right in their prime. The bulls approach the ideal in conformation and breeding.

I am truly proud of my personal acquaintance with Fred, Charlie, Cecil, Jack and others. A visit to Helfred Farms is always a happy experience. We are going to miss them, their advice and valued counsel and their leadership in Shorthorn production. Their friendship has been sincere and genuine always.

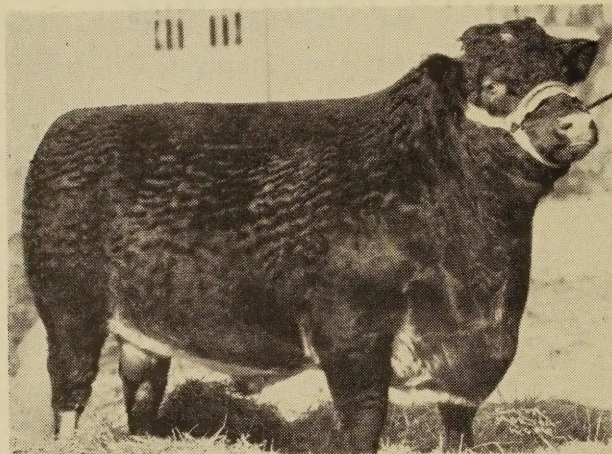

The Helfred offering can be summed up in one simple statement—"Helfred has 'em." It will pay everyone interested in better Shorthorns to be a guest of Helfred Farms on Friday, November 19.

COLLYNIE CLIPPER STAR was the undefeated Grand Champion Bull of the 1930 Show season, showing at the Iowa State Fair, Ak-Sar-Ben, Wichita, American Royal, and Chicago International. In the Nov. 10, 1930 issue of The Shorthorn World the Late Will Johnson wrote, "Helfred Farms Senior Yearling Bull, Collynie Clipper Star a son of the great Collynie Clipper Crest is the best bull the writer has seen in his many years of attendance at Shows in America and a few abroad, he combines the character of a true stock bull, with the form and type of a great Beef Animal, the thickness and quality of flesh of a great finished show beast, and the dark even roan that is the most beautiful color that ever adorned a bovine specimen, male or female. In my many years of the closest kind of contact with the breed, I have never seen one that so nearly suits my ideal of a stock bull as this Grand Champion Collynie Clipper Star." He was all of that and proved a great sire of both sexes.

Fascinator 1766812—Was grand champion bull at the Iowa State Fair in 1934, the only time shown. His dam was sold in 1934 at fifteen years of age for the record price of the year. His granddam was the best daughter of Imp. Villager.

FASCINATOR—Grand Champion at the 1934 Iowa State Fair, due to an injury that was the only time he was shown. Sired by the International Grand Champion Browndale Goldspur, out of Village Beauty 2d the best Shorthorn Female I have ever seen in any herd. Fascinator was the greatest sire of females in his day. His daughters won more Championships and first prizes than any other sire, including Grand Champion Female at Chicago International. Junior Champion Female and First Prize Get at the International. He sired many good bulls, but the most notable was Helfred Nimrod used with much success in the Chas. Harness Herd, Corso, Missouri.

CORRIMONY EMPEROR our present Senior Herd Sire is an excellent sire of both bulls and females. There are forty head of his sons and daughters in this sale and they provide conclusive evidence that he is one of the top sires of the breed. His get have won many Championships and first prizes at the leading State and National Shows as well as topping many of the sales where his progeny was entered. He is sired by Naemoor Marshal by Cruggleton Prince Bob rated by many good cattlemen as the outstanding sires in Britain. Study the many illustrations of his get throughout the catalog and we are sure you will agree that a bull or some females by this grand bull will be an asset to your herd. He will not be sold in this sale on account of being hurt on his shoulders.

KILLEARN CONQUEST 28th was bought in the Claude Gallinger Tofield Alberta, Canada Sale, to cross on the daughters of Corrimony Emperor. He is sired by Millhills Conquest first in February Class, Perth Scotland, 1946, and purchased at 1,900 guineas by Claude Gallinger. Study his pedigree on both sides and you will find it contains all the famous bulls that are responsible for the reputation of that great herd. The Emperor Conquest cross has proved it will add natural fleshing and deep short legged animals to the herd. When you see his calves and yearlings in the sale you will agree. He is being sold with a guarantee due to his age, however. He is an active server and a very sure breeder. Very few good herds have a better herd bull.

HELFRED EMPEROR 30th—Out of the same dam as the prominent Dale Bellows sire, Helfred Golden Fame, was our pick of the Emperor calves to carry on the same bloodlines, although having seen limited service, his calves have proved him to be an outstanding sire. We predict a great future for him in a herd where he can be used extensively. Don't overlook this herd bull prospect, if you need one.

FARMINGHAM COUNTESS—Sired by the International Grand Champion Sunray, has proved to be one of the greatest producing cows of the breed. All the good ones she has produced are too numerous to mention, but her last three calves can be given some recognition. One daughter, sired by Corrimony Emperor, was first prize heifer calf at the 1951 Iowa State Fair. She sold in the International sale for \$1,550. Another daughter sold for \$2,200. Her bull calf was Junior and Grand Champion at the 1953 Iowa State Fair and now heads the fine herd of Ernest Retzlaff, Walton, Nebraska. She is in calf to Corrimony Emperor, and a daughter sells as Lot 22, with a red heifer calf at foot.

HELFRED EMPEROR 39th

Helfred Emperor 39th was the Junior and Reserve Grand Champion Bull at the 1953 Iowa State Fair. A son of Farmingham Countess, he sold for \$3,000 to head the Ernest Retzlaff herd.

HELFRED MISSIE 5th—For those who appreciate quality, and easy feeding ability in their herd which is characteristic with the Sunray, Fascinator, Browndale cross, will find all of those combinations wrapped up in this heifer. Her dam is a smooth, deep bodied, short legged cow with a great udder that takes care of a calf without a nurse cow. Safe in calf to Corrimony Emperor.

PRINCESS VICTORIA 21st—A daughter of Killearn Conquest 28th, is one of the most valuable cows to be sold, and certainly one of the most attractive. Her first calf, a dark roan daughter of Corrimony Emperor, appearing as Lot 42 in the catalog, stood well up in the money at the 1954 Iowa State Fair without any fitting. She has a grand prospect of a dark roan bull calf at foot. Regardless of the herd she goes into, there will not be a better individual nor a better producer. She is the kind that every breeder wishes for.

CALREME GOLD BANK BEAUTY by Divide Calreme, by Calrossie Supreme, is one of the most pleasing females anyone would wish to see. Beautiful head, very smooth in her fleshing, depth and width of body is all blended into a neat package of beef. She will be near calving by sale time to Helfred Emperor 36th. I wonder who the fortunate buyer will be.

QUEEN BESS 83d—One of our granddaughters of Braelodge Headlight. Only in a sale like this would she be sold. In spite of her age she looks young enough to produce many more calves, and she can produce them, with every one being good. She has a nice roan heifer calf at foot and is on the way to have another one. Cows like this are the ones that make the Shorthorn Breed so popular. Her daughter sells as Lot 81 in this sale.

THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and development. It begins with the first settlers who came to the continent in search of a new life. They found a land of vast resources and opportunities, but also one of challenges and hardships. Over time, the settlers grew into a nation, and the United States emerged as a powerful force in the world. The story of the United States is a story of the American dream, of the pursuit of happiness and freedom. It is a story of the people who have shaped the nation, and the values that have guided them. The history of the United States is a story that continues to unfold, and one that we all have a part in.
